

Joseph E. Robert, Jr. FELLOWSHIP

2016 – 2017

The Sheikh Zayed Institute at Children's National Health System offers an exciting and dynamic post-graduate research experience focused on biomedical innovation, *The Joseph E. Robert, Jr. Fellowships in Pediatric Surgical Innovation*.

The diversity of interests and expertise among our faculty and staff, and the commitment of our fellows themselves, contribute to making this opportunity truly unique. Our Robert Fellows partner with principal investigators to develop and translate innovative research concepts into pediatric surgical and clinical practice. They contribute creatively and productively to innovation in biomedical research.

We invite enthusiastic and qualified individuals from the following groups to apply:

- Surgical, radiological, or anesthesia residents, fellows, junior faculty, and nurses
 - Post-doctoral engineers with a strong background and interest in medical and surgical device development
 - Post-doctoral or doctoral candidates in Health Economics
-

Children's National™

Sheikh Zayed Institute
for Pediatric Surgical Innovation

Part of the Children's National Health System
