

# Hospital Grand Rounds

Stay up-to-date, learn about new developments,  
meet leaders in health innovation, and get to know your colleagues.

8:00 am-9:00 am, Children's National Auditorium, 2<sup>nd</sup> Floor Main

**Wednesday, November 4, 2015**

## Judson G. Randolph Lecture Contemporary Management of Complex Vascular Anomalies

*Presented by*

**Richard G. Azizkhan, MD, PhD (Hon)**

*President and CEO, Children's Hospital & Medical Center, Omaha, NE  
Surgical Director Emeritus, Hemangioma and Vascular Malformation Program  
Professor, University of Cincinnati Department of Surgery*

### About this Session:

Vascular anomalies are often a misunderstood and inappropriately managed group of conditions. Although valiant efforts have made in standardizing the classification of these lesions, confusing and outdated terminology still pervade the literature. Eliminating these incongruities and recognizing important clinical patterns will be crucial to interdisciplinary communication among scientists and clinicians and to improving the quality of patient care through appropriate therapeutic and supportive interventions.

### Learning Objectives:

*Attendees of this session will be able to:*

1. Briefly outline current classification system differentiating hemangiomas from other vascular tumors and malformations
2. Discuss important patterns of hemangiomas that clinicians need to recognize
3. Discuss interdisciplinary management of different vascular anomalies
4. Outline novel pharmacologic management of complex vascular malformations with lymphatic components.

### Accreditation Information:

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of INOVA and Children's National Medical Center. The INOVA Office of Continuing Medical Education is accredited by the MSV to provide continuing medical education for physicians.

The Inova Office of Continuing Medical Education designates this live activity for a maximum of 1 AMA PRA Category 1 Credit(s)™. Physicians should only claim credit commensurate with the extent of their participation in the activity. Physicians may claim up to 1 credit in Type 1 CME on the Virginia Board of Medicine Continued Competency and Assessment Form required for renewal of an active medical license in Virginia.
