

I. PURPOSE:

The Graduate Medical Education Committee (GMEC) strongly supports Trainees' attendance as participants and presenters at regional and national conferences to contribute to academic scholarship. This policy is designed to encourage consistency across all training programs, and to safeguard the quality of patient care and Graduate Medical Education (GME) at Children's National Hospital (CH), while providing flexibility to best meet the needs of Trainees.

II. POLICY SCOPE:

All Accreditation Council for Graduate Medical Education (ACGME) or Non-ACGME accredited residency and fellowship programs sponsored by CH.

III. DEFINITIONS:*Trainee*

Trainee refers to all interns, residents and fellows participating in ACGME or Non-ACGME accredited training programs sponsored by CH.

Training Program

Training program or program refers to an ACGME or Non-ACGME accredited internship, residency or fellowship training program sponsored by CH.

IV. POLICY:

The GMEC and Designated Institutional Official (DIO) at Children's National Medical Center support ongoing professional development of Trainees.

Educational leave requests are not guaranteed. Approval is granted at the discretion of the training program director with a recommendation of seven (7) days per academic year. The training program director has flexibility to grant fewer or additional days to allow the Trainee to meet the program's objectives.

Educational leave should be requested in writing with a minimum of one month notice. Trainees may consult with the GME Office for any issue pertaining to educational leave after first discussing with their training program director.

V. **APPROVAL**
