

Children's National Medical Center **Anesthesiology Assistant Application Packet**

This checklist outlines the documents required for an observation with Children's National Medical Center. All documents must be received a **minimum** of two weeks prior to your observation experience. You can not start at Children's until all steps of this process are complete.

Required Documents:

- Registration Form
- Current curriculum vitae (include current training program)
- Signed Health Attestation Form
- Signed Confidentiality & Orientation Agreement Sheet
- Completed ID, Building & Parking Form
- Completion of TRACKS (Cerner) Training and Assessment (those with rotations >2 weeks)

E-mail all documents to the Medical Education Office:

rotators@childrensnational.org. If you have any questions regarding this process, contact the Medical Education Office (202-476-3950). If you have questions concerning the logistics of your observation experience, contact the Children's National department coordinator.
