**Explanation and Understanding of Children's Hospital  
Medical Staff Appointment Procedures  
for newly hired employed members of the Medical Staff**

---

**Credentialing Procedure Explanation**

As part of the appointment process to the Medical Staff of Children's Hospital, the Medical Staff Office verifies information contained in all applications. This is a time consuming process that includes written verification of medical education, residency training, licenses held, malpractice experience with previous insurance carriers, health attestation statement, references and verification of good standing at institutions where privileges have been held. Any gaps in this information have to be explained in writing. The Medical Staff requires the applicant to have a DC license to practice their discipline; a state-level, DC narcotics license and a federal narcotics license (DEA) with a DC address. Membership may also be given based on licensing in Maryland or Virginia. For individuals transferring from another jurisdiction, the Medical Staff will allow the application to proceed for consideration so long as the applicant agrees to transfer their DEA to DC within 30 days of arrival. Any issues that arise during the verification process such as malpractice claims require that the application be considered at a credentials committee meeting.

The Medical Staff Office notifies individuals once they have cleared the credentials committee step are eligible for and have been granted temporary privileges.

---

**Agreement**

Children's Hospital may be extending employment to me in anticipation of an appointment to the Medical Staff of Children's Hospital. I have also executed or will be executing an application for Appointment to the Medical Staff of Children's Hospital. However malpractice insurance coverage, managed care panel participation and privileges at Children's Hospital are conferred upon appointment to the Medical Staff or upon granting of any temporary privileges by the Chief Executive Officer of Children's Hospital.

Therefore I understand that until such time as that appointment is conferred upon me by the Board of Directors of Children's Hospital, or until such time as I am granted temporary privileges by the Chief Executive Officer of Children's Hospital, I agree that I shall not participate in direct patient care activities at Children's Hospital. "Direct patient care activities" is defined as examining, documenting, diagnosing or treating any patient of Children's Hospital. I may participate in rounds but may not make entries into the patient's medical record. An exception may be made for emergency temporary privileges as defined in the Bylaws of the Medical Staff of Children's Hospital.

I have read and understand this agreement.
