I. STATEMENT OF POLICY

The purpose of this Financial Assistance Policy (FAP) is to establish standard procedures for the determination of Financial Assistance to patients of Children’s National Medical Center (CNMC) and its substantially related entities that are in financial need. Throughout the remainder of the FAP, use of the term “CNMC” refers to Children’s National Medical Center and its substantially related entities.

As part of this FAP, CNMC will offer Financial Assistance to patients who are unable to pay their hospital and/or clinic bills due to difficult financial situations regardless of age, gender, race, creed, disability, social or immigrant status, sexual orientation, or religious affiliation. A CNMC Financial Counselor, designated business office representative, or committee with authority to offer Financial Assistance will review individual cases and make a determination of Financial Assistance that may be offered.

Accordingly, this FAP:
• Includes eligibility criteria for Financial Assistance
• Describes the basis for calculating amounts charged to patients eligible for Financial Assistance under this FAP:
• Describes the method by which patients may apply for Financial Assistance
• Describes how the hospital will widely publicize the FAP within the community served by the hospital

CNMC will provide, without discrimination, care for Emergency Medical Conditions to individuals regardless of whether they are eligible for Financial Assistance. CNMC shall comply with the Emergency Medical Treatment and Labor Act (EMTALA) by providing medical screening examinations and stabilizing treatment and referring or transferring an individual to another facility, when appropriate, and provide emergency services. CNMC prohibits any actions that would discourage individuals from seeking emergency medical care.

This FAP is in compliance with the Patient Protection and Affordable Care Act of 2010.

CNMC Entities Covered by this Policy
The services covered by this FAP include all emergency and other medically necessary care provided by CNMC and its substantially related entities, physicians and medical professionals employed by CNMC and Children’s National Medical Associates.

Providers Not Covered by this Policy

### III. PROCEDURES

**Eligibility for Financial Assistance**

Eligibility for Financial Assistance will be considered for individuals who are uninsured, underinsured, ineligible for any government health care benefit program, or unable to pay for their care, based upon a determination of financial need in accordance with this FAP, and have resided in our service area for at least 6 months. This policy may cover patients that do not reside in our service area when the hospital provides medical service to treat and stabilize the medical condition of the patient before discharge.

The need for Full Financial Assistance will be determined in accordance with procedures that involve verifying income and residency in our service area. The patient or the patient’s guarantor will be required to cooperate and complete the FAP Application and provide the following:

1. Documentation of gross monthly Family Income. These documents will include pay stubs for the last six (6) weeks worked, or award letters for unemployment, worker’s compensation, or public assistance, alimony, retirement, and/or disability income. This can include notarized support and unemployment statements. If self-employed, provide an income tax return for the past 2 years.

2. Proof of ineligibility for State/Federal/Local medical assistance programs unless applicant is known not to be eligible for such coverage. (If we are unable to determine your eligibility by your income, you must provide proof of a denial)
3. A valid current form of identification for the patient, parents, or guardian. This can include a passport, alien registration card, work authorization or any picture ID with the name and address printed on it.

4. Proof of address – This can include a copy of your lease, mortgage statement, rent receipt, or a notarized letter from your landlord.

5. If applicable, school verification or report card for patient.

The granting of Financial Assistance shall be based on an individualized determination of financial need, and shall not take into account age, gender, race, creed, disability, social or immigrant status, sexual orientation, or religious affiliation. CNMC shall determine whether or not patients are eligible to receive Financial Assistance for deductibles, co-insurance, or co-payment responsibilities.

CNMC will make reasonable efforts to explore appropriate alternative sources of payment and coverage from public and private payment programs, and to assist patients to apply for such programs. CNMC obtain reports from third parties to determine whether they may be presumptively eligible for Financial Assistance to relieve the financial burden.

A preliminary application stating family size and income will be accepted and a determination of probable eligibility will be made within two business days. Final determination will be provided to each patient or family within 30 business days of inquiry with the submission of a completed application, including all required documentation. Financial Assistance will be denied for patient’s that submit an incomplete application, or submit documents that cannot be verified. The grant of Financial Assistance by CNMC will expire one year from the approval date (“Expiration Date”). At that time, patients will need to re-apply for continued Financial Assistance by contacting the Financial Information Center.

Basis for Determining Financial Assistance
Services eligible under this FAP will be made available to the patient in accordance with financial need as determined in reference to Federal Poverty Levels (FPL) in effect at the time of the determination. Once a patient has been determined by CNMC to be eligible for Financial Assistance, that patient shall not be responsible for any future bills until the Expiration Date. The basis for the amounts CNMC will charge patients qualifying for Financial Assistance is as follows:

a. Patients who has a Family Income at or below 400% of the FPL, provided all the required documentation, and who have resided in our service area for at least 6 months are eligible for full Financial Assistance.¹

All patients eligible for Financial Assistance are charged less than AGB as all eligible patients do not receive a bill for emergency or Medically Necessary Care.

¹ This provision is intended to meet the definition of “sliding scale fee” as defined by the DC Health Professional Loan Repayment Regulations (D.C. Code § 7-751.01- §7-751.17, as may be amended from time to time) and applicable Guidelines.
For patients who qualify for Financial Assistance and who are cooperating in good faith to resolve their hospital bills, CNMC will not send unpaid bills to outside collection agencies, and will cease all collection efforts. CNMC will not impose extraordinary collections actions such as wage garnishments; liens on primary residences, or other legal actions for any patient.

Method for Applying for Financial Assistance
Referral of patients for Financial Assistance may be made by any member of the CNMC staff including by not limited to physicians, nurses, financial counselors, social workers, case managers, chaplains, and religious sponsors. A request for Financial Assistance may be made by the patient or a family member, close friend, or associate of the patient, subject to applicable privacy laws. For patients requiring surgery, prior to their arrival for surgery, CNMC will address any financial concerns patients may have, and individual notice regarding this FAP shall be provided to the patient.
