Purpose

With over 1.3 million adults in the United States alone, adult congenital heart disease (ACHD) has become a local and global health issue. In its 27th year, the International Symposium on Adult Congenital Heart Disease brings experts from around the world to deliver the latest findings of cutting-edge research as well as practical advice for the treatment of these patients. This meeting offers opportunities for the novice to the ACHD specialist to learn, share strategies and build relationships – with the ultimate goal of improving the lives of adults with congenital heart disease.
Objectives

By participating in this conference, attendees should be better able to:

• Appraise advanced medical and surgical strategies for treating heart failure in the setting of congenital heart disease (CHD)
• Manage the failing right ventricle in the systemic or in the subpulmonary position
• Assess the severity of cardiac and extracardiac complications of the Fontan circulation and practically manage these conditions
• Accurately evaluate risk for women with CHD contemplating pregnancy, manage complications of pregnancy and determine safe and effective contraceptive strategies
• Recognize neurodevelopmental issues for persons with CHD and leverage resources to improve functioning
• Apply the latest pharmacologic and management strategies to treat pulmonary arterial hypertension in CHD
• Predict challenges in electrophysiology, percutaneous and hybrid interventions in the adult with CHD
• Utilize 3D models, multimodality imaging integration and virtual surgery to improve outcomes in CHD
• Incorporate the patient perspective in planning treatment
• Improve the effectiveness of cardiovascular team-based care

Target Audience

The program is intended for pediatric and adult medical providers, including nursing and allied health professionals, seeking to improve ACHD care.

Accreditation

PHYSICIAN CREDIT

Cincinnati Children’s Hospital Medical Center is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. This live activity has been approved for AMA PRA Category 1 Credit™.

NURSING CREDIT

Contact hours will be awarded to nurses who attend the entire program and complete an evaluation tool. Cincinnati Children’s Hospital Medical Center is an approved provider of continuing nursing education by the Ohio Nurses Association, an accredited approver by the American Nurses Credentialing Center’s Commission on Accreditation. (OBN-001-91) (OH-046, 9/1/2018)

DISCLOSURE

All faculty and planning committee members will be required to complete a financial disclosure statement prior to the conference and to disclose to the audience any significant financial interest and/or other relationship with the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial services discussed in his/her presentation and/or commercial contributor(s) of this activity. All conflicts of interest will be resolved prior to the symposium.
