

Children's National®

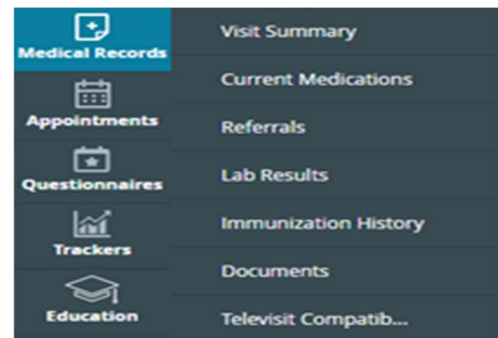

How to Download Forms from the Patient Portal

Follow these quick steps to download your child's forms from the Patient Portal

1. After logging into the portal, you will see the home dashboard.

2. On the left side, in the navigation pane select **Medical Records** and you will see the option for **Documents**.

3. Here, you can see all the documents your healthcare provider has sent to the patient portal. You will also be able to download any of your child's documents.

YOUR DOCUMENTS
