

Children's National.

How to View Your Child's Immunizations or Shots in the Patient Portal

Follow these quick steps to see the immunizations or shots your child has gotten at our health centers

1. After logging into the portal, you will see the home dashboard.

2. On the left side, in the navigation pane click **Medical Records** and you will see the option for **Immunization History**. Click on **Immunization History**.

3. Here, you can see all the shots your child has gotten in our health centers. You can also print your shot record if you need to share it with daycare.

IMMUNIZATION HISTORY
