Palliative Care Month Mini-Series Part I **Pediatric End of Life Care, Policy and Research**

Presented by

Pamela Hinds, RN, PhD, FAAN

Association Center Director, Center for Translational Science

Director, Nursing Research and Quality Outcomes, Children's National

The William and Joanne Conway Chair in Nursing Research

Early in her nursing career, Pamela Hinds was struck by the fact that some children could survive difficult illnesses and traumas, while others couldn't. This led her to a career of extensive research, where she explores the roles that communication, hopefulness, and palliative care can play in increasing healthy outcomes for entire family units, even in situations where death is inevitable.

Learning Objectives:

Attendees of this session will be able to:

1. Describe the role of the Institute of Medicine in end of life care, policy and research (1997; 2003; 2015).
2. Analyze the role of pediatric health care providers in countering myths about dying in America that jeopardize best practices.

Accreditation Information:

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of INOVA and Children's National Medical Center. The INOVA Office of Continuing Medical Education is accredited by the MSV to provide continuing medical education for physicians.

The Inova Office of Continuing Medical Education designates this live activity for a maximum of 1 AMA PRA Category 1 Credit(s)™. Physicians should only claim credit commensurate with the extent of their participation in the activity. Physicians may claim up to 1 credit in Type 1 CME on the Virginia Board of Medicine Continued Competency and Assessment Form required for renewal of an active medical license in Virginia.
