*Stay up-to-date, learn about new developments,
meet leaders in health innovation, and get to know your colleagues.*

8:00 am-9:00 am, Children's National Auditorium, 2nd Floor Main

Wednesday, December 2, 2015

Population Health and Transition to Value

Presented by

Veronica Gunn, MD, MPH, FAAP

*Vice President, Population Health Management & Payment
Innovation at the Children's Hospital of Wisconsin*

Commercial and government payers are increasingly focused on accountability for comprehensive outcomes and cost improvements across a population (value). Children's health systems have the opportunity to proactively manage the transition from fee-for-service models to value-based payment models – by developing and implementing new models of care delivery and payment- to maintain and grow competitive standing in the market while improving outcomes for children and their families. These presentations will explore one pediatric system's journey into population management and key lessons learned.

Learning Objectives:

Attendees of this session will be able to:

1. Understand one system's journey toward population health, including the rationale and methodological approach
2. Understand market forces influencing move to value
3. Explore lessons learned by a similar pediatric health system

Accreditation Information:

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of INOVA and Children's National Medical Center. The INOVA Office of Continuing Medical Education is accredited by the MSV to provide continuing medical education for physicians.

The Inova Office of Continuing Medical Education designates this live activity for a maximum of 1 AMA PRA Category 1 Credit(s)™. Physicians should only claim credit commensurate with the extent of their participation in the activity. Physicians may claim up to 1 credit in Type 1 CME on the Virginia Board of Medicine Continued Competency and Assessment Form required for renewal of an active medical license in Virginia.
