Boots on the Ground: CDC EIS Officers in the Ebola Response

Presented by

Grace D. Appiah, MD, MS

LCDR, US Public Health Service

Epidemic Intelligence Service Officer

CDC/NCIRD / Influenza Division

The 2014 Ebola outbreak in West Africa was the largest Ebola outbreak in history. Epidemic Intelligence Service (EIS) officers were deployed to multiple affected counties as part of the Centers for Disease Control and Prevention (CDC) response to the outbreak. As boots on the ground, their field experiences provide a snapshot of the important role of public health experts in challenging global health emergencies.

Learning Objectives

Attendees of this session will be able to:

1. Discuss Ebola virology and epidemiology
2. Identify challenges to halting Ebola transmission in affected countries
3. Describe public health interventions and preparedness activities in unaffected countries

Accreditation Information:

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of INOVA and Children's National Medical Center. The INOVA Office of Continuing Medical Education is accredited by the MSV to provide continuing medical education for physicians.

The Inova Office of Continuing Medical Education designates this live activity for a maximum of 1 AMA PRA Category 1 Credit(s)™. Physicians should only claim credit commensurate with the extent of their participation in the activity. Physicians may claim up to 1 credit in Type 1 CME on the Virginia Board of Medicine Continued Competency and Assessment Form required for renewal of an active medical license in Virginia.
